Corporate Governance Policy

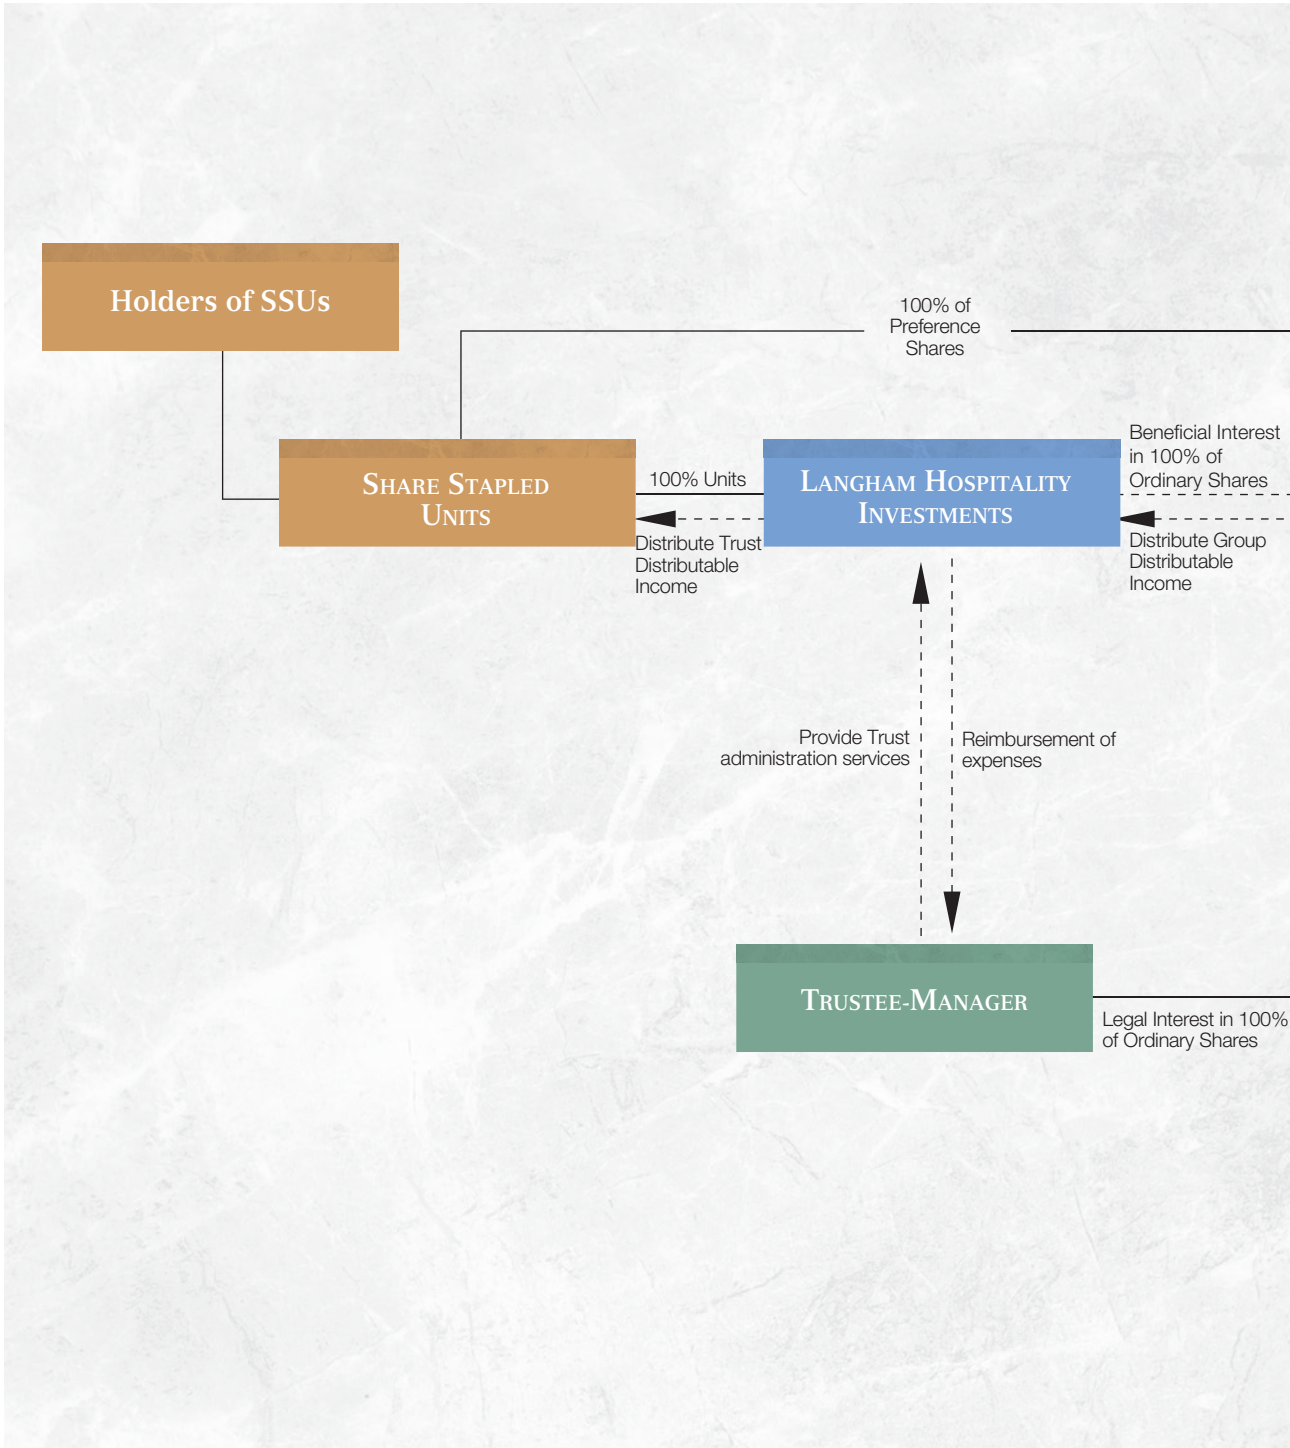

Establishment of Director Independence Policy

In view of upholding the high standard of corporate governance and in accordance with the Corporate Governance Code, a Director Independence Policy was established which sets out, inter alia, mechanisms to ensure independent views are available to the Boards. The Boards shall review the implementation and effectiveness of the above mechanisms on an annual basis.

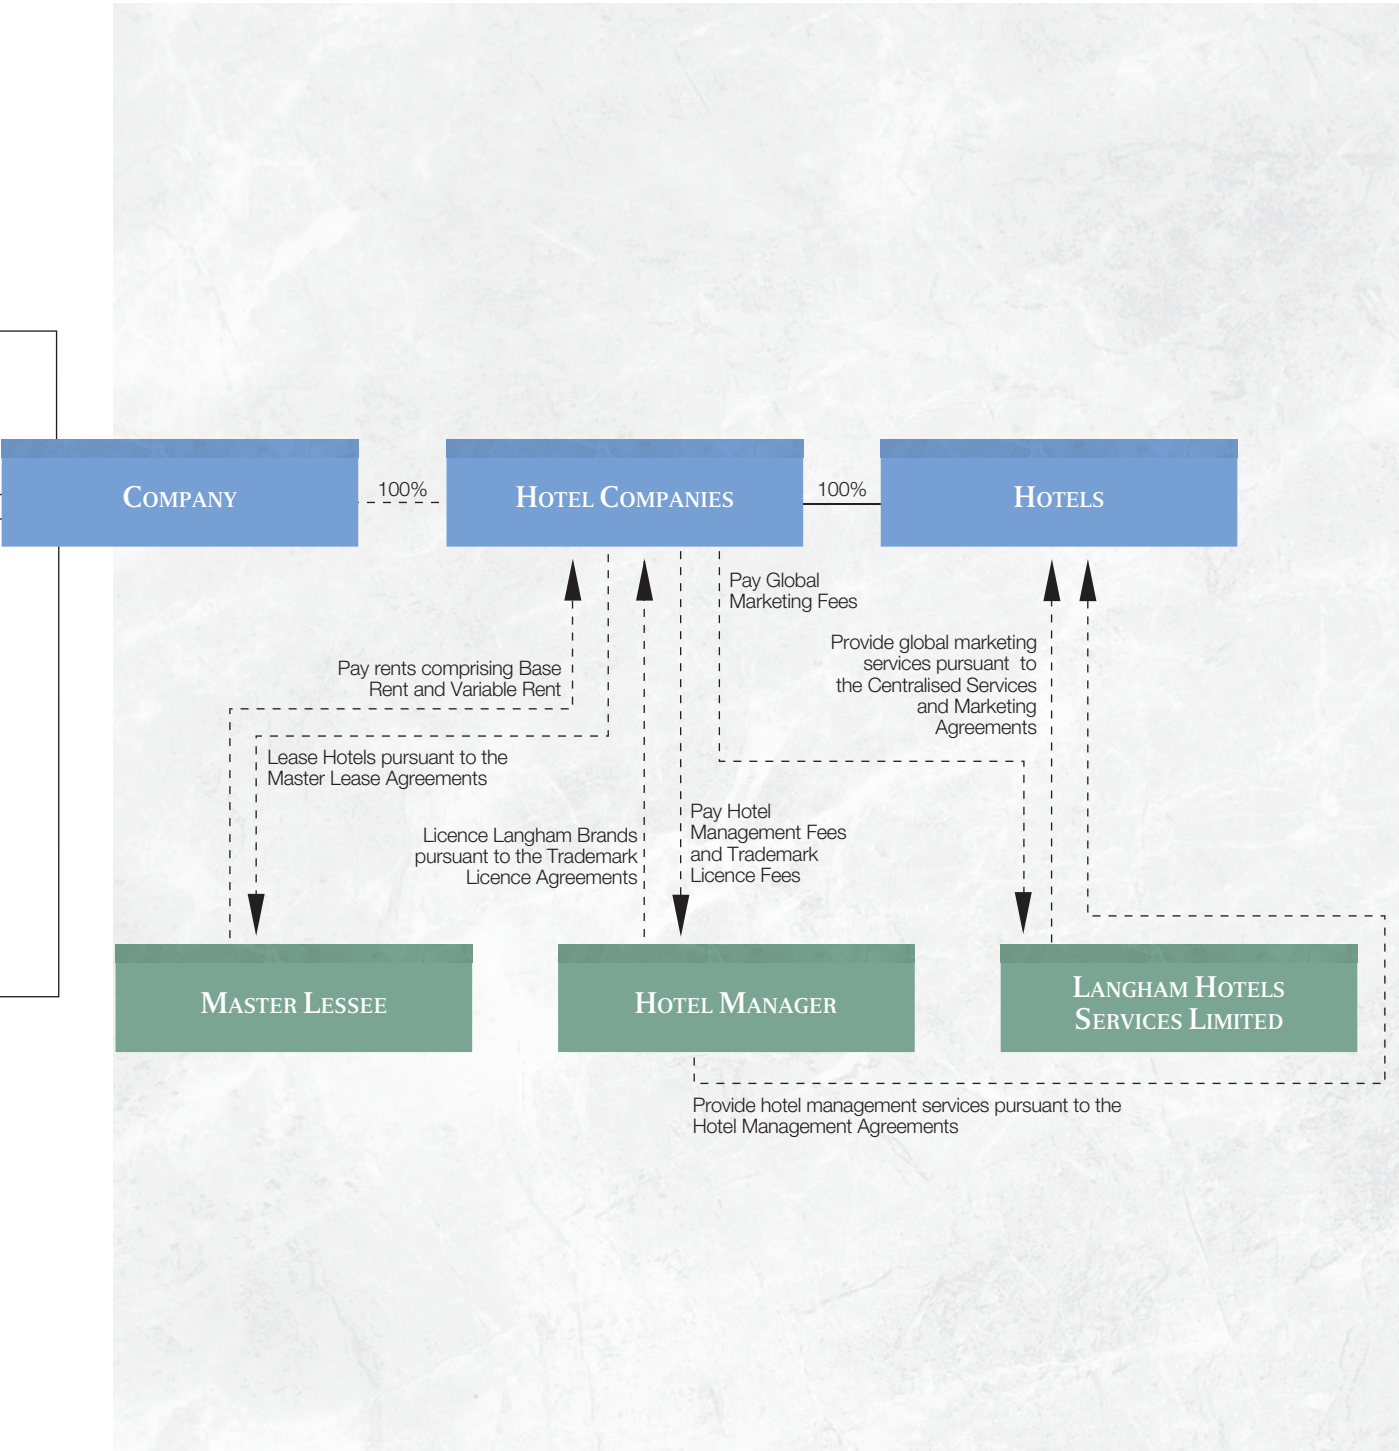

CORPORATE GOVERNANCE REPORT

STRUCTURE OF THE TRUST GROUP

The chart below illustrates a simplified version of the structure of the Trust Group:

CORPORATE GOVERNANCE REPORT

CORPORATE GOVERNANCE REPORT

Langham Hospitality Investments is constituted by laws of Hong Kong governing the Trust Deed entered into between the Trustee-Manager and the Company as a fixed single investment trust, meaning that the Trust may only invest in the securities and other interests in a single entity, being the Company.

The Trustee-Manager is a company incorporated in Hong Kong with limited liability and an indirect wholly-owned subsidiary of Great Eagle. In its capacity as trustee-manager of the Trust, the Trustee-Manager has a limited role only in the administration of the Trust and is not involved in the management of the operations of the Group.

The Company is a company incorporated in the Cayman Islands as an exempted company with limited liability. It is the holding company of the hospitality business carried on by the Group and currently owns and controls the Hotels indirectly through its subsidiaries.

Capital Structure of the Trust and the Company

Share Stapled Units are jointly issued by the Trust and the Company and each Share Stapled Unit is comprised of the following three components which, subject to the provisions in the Trust Deed, can only be dealt with together and cannot be traded individually:

- (a) a unit in the Trust;
- (b) a beneficial interest in a specifically identified Ordinary Share in the Company held by the Trustee-Manager, which is “linked” to the unit in the Trust; and
- (c) a specifically identified Preference Share in the Company which is “stapled” to the unit in the Trust.

As the components of the Share Stapled Units, all of the units in the Trust, the Ordinary Shares and the Preference Shares of the Company in issue are listed on the Stock Exchange. However, for so long as the Share Stapled Units are listed on the Stock Exchange, trading on the Stock Exchange will only take place in the form of Share Stapled Units and there is only a single price quotation on the Stock Exchange for a Share Stapled Unit. No price is quoted for the individual components of a Share Stapled Unit.

CORPORATE STRATEGY, VALUES AND CULTURE

The Company and the Trust as a fixed single investment trust is committed to providing the Holders of Share Stapled Units with the potential for sustainable long-term growth of distributions and enhancement in the value of the hotel portfolio. The Group has been established primarily to own and invest in a portfolio of hotels, with an initial focus on completed hotels located in Asia, and the Group will look to grow and expand its hotel portfolio through active asset management, acquisition growth and capital and risk management strategies. The Boards play a leading role in ensuring the corporate culture of the Group is in alignment with its values and strategies, which enable the Group to create sustainable value and deliver long-term return for the Holders of Share Stapled Units and other stakeholders.

The Boards are also committed to ensuring that the Group’s businesses are conducted in accordance with high standards of business ethics and corporate governance to maximise Unitholders’ interests in the long run. The Boards take the lead in promoting the desired corporate culture and the corporate culture and values are integrated throughout the policies and practices of the Group which are communicated with the management and employees.

CORPORATE GOVERNANCE REPORT

CORPORATE GOVERNANCE POLICIES AND PRACTICES

The Trustee-Manager Board and the Company Board play a central support and supervisory role in the respective corporate governance duties of the Trust and the Company. The Boards are responsible for reviewing the overall corporate governance arrangements, approving governance policies and reviewing disclosures in Corporate Governance Report prepared on a combined basis.

Corporate Governance Practices

Taking into account the structure of the Trust Group, in particular the business relationship with its holding company, the following policies and procedures are established and constituted the core elements of the governance framework of the Trust Group:

- Schedule of Matters Reserved for the Board
- Segregation of Duties between Chairman and Chief Executive Officer
- Director Independence Policy
- Reporting and Monitoring Policy on Connected Transactions
- Policy on the Preservation and Prevention of Misuse of Inside Information
- Whistleblowing Policy
- Anti-Fraud, Bribery and Corruption Policy
- Unitholder Communication Policy
- Employee Code of Conduct

- Code of Conduct regarding Securities Transactions by Directors and Relevant Employees
- Corporate Governance Measures in respect of the operation of the Right of First Refusal granted by Great Eagle

The Boards regularly review these policies and procedures, and further enhancement will be made from time to time in light of the latest statutory and regulatory regime and applicable international best practices. Copies of the principal governance policies can be obtained from our corporate website.

Compliance with Corporate Governance Code

Pursuant to the Trust Deed, each of the Trustee-Manager and the Company must co-operate with each other to ensure that each party complies with the Listing Rules and other relevant rules and regulations.

Throughout the year under review, the Trust (via the Trustee-Manager) and the Company had complied with all applicable code provisions, and where appropriate, adopted some of the recommended best practices as set out in the Corporate Governance Code. The requirement to establish a Nomination Committee is only relevant to the Company but not the Trustee-Manager because the Trust Deed requires that the Directors of the Trustee-Manager shall at all times comprise the same individuals who serve as Directors of the Company. The requirement to establish a Remuneration Committee is also only relevant to the Company but not the Trustee-Manager as the Directors of the Trustee-Manager are not entitled to any remuneration payable by the Trust or the Trustee-Manager, and the Trustee-Manager does not have any employees.

CORPORATE GOVERNANCE REPORT

Board Independence

The Trustee-Manager and the Company recognise that Board independence is critical to good corporate governance and Board effectiveness. The participation of Independent Non-executive Directors brings independent and objective judgment on the affairs of the Trust Group including but not limited to issues relating to the Trust Group's strategy, performance, conflicts of interest and

management process, thus ensuring that the Trust Group operates in the best interests of the Unitholders. To ensure independent views and inputs are available to the Boards of the Trustee-Manager and the Company, a Director Independence Policy was adopted and the following mechanisms are implemented by the Boards, and the Board Committees follow the same processes, where applicable, as the Boards.

CORPORATE GOVERNANCE REPORT

CORPORATE GOVERNANCE MEASURES TO ADDRESS POTENTIAL CONFLICTS OF INTEREST

Apart from the parent-subsidary relationship, the Trust Group maintains close business ties with the Great Eagle Group, which are governed by various formal agreements being entered into between the two groups as summarised in the chart on pages 56 to 57. These contractual arrangements also constitute continuing connected transactions of the Trust and the Company under the Listing Rules. Details of the transactions which are subject to disclosure and reporting requirements are provided in the Report of the Directors contained in this Annual Report on pages 105 to 110.

These business relationships and the fact that some of the Directors of the Trustee-Manager and the Company also hold directorships and/or senior management positions in the Great Eagle Group might give rise to potential conflicts of interests between the Group and the Great Eagle Group. As the interests of the Trust Group align with the Great Eagle Group and the performance and growth between the Trust Group and the Great Eagle Group are mutually complementary, the impact of conflicts of interests is minimal and the Boards believe that the Directors can still make independent decisions in the best interests of the Trust Group and the Unitholders. In all circumstances, the Trustee-Manager Board and the Company Board believe that the potential conflicts can be sufficiently reduced as follows:

- the Group focuses on optimising the performance of the three existing hotel properties, adopting a growth strategy of investing in completed stand-alone hotels in Asia. The Great Eagle Group, on the other hand, focuses on further capitalising on its resources and expertise in developing its hotel management services operations and brand building;
- given that the Group is among the major contributors to the performance of the Great Eagle Group, any reliance that the Group may have on the Great Eagle Group in relation to its performance and growth will be mutually complementary;
- the Great Eagle Group has granted to the Company a Deed of Right of First Refusal pursuant to which the Group will have the first right to participate and to acquire completed stand-alone hotels to be managed under the Langham Brands and Other Eaton Brands (as defined in the Great Eagle ROFR Deed) in Asia (excluding Australia and New Zealand) should the Great Eagle Group wish to sell or have the opportunity to invest in these hotels;
- various corporate governance measures are established seeking to address any potential conflicts of interest thereby safeguarding the interests of independent Unitholders. They include:
 - (i) any conflicted Directors must abstain from voting and will not be counted in the quorum of the relevant Board meeting in the event of any conflict issues;
 - (ii) pursuant to Article 90 of the articles of association of the Trustee-Manager, a Director of the Trustee-Manager must give priority to the interest of all the Unitholders as a whole over the interest of the Trustee-Manager in the event of a conflict between the interest of all the Unitholders as a whole and that of the Trustee-Manager;

CORPORATE GOVERNANCE REPORT

- (iii) potential connected transactions between the Great Eagle Group and the Trust Group and the existing continuing connected transactions (other than exempt continuing connected transactions and those transactions qualifying for an exemption) are reviewed and reported annually by the Independent Non-executive Directors and auditors of the Company;
- (iv) where the Trustee-Manager Board and the Company Board are required to determine matters under the Great Eagle ROFR Deed, such matters will be referred to the Independent Non-executive Directors and/or to those Directors who do not have a material interest in the matter; and
- specific corporate governance measures have also been put in place in respect of the operation of the Great Eagle ROFR Deed as follows:
 - (i) as part of the Trustee-Manager's and the Company's respective internal control systems, each has maintained a register of all opportunities/transactions arising from the implementation of the Great Eagle ROFR Deed;
 - (ii) as part of its internal audit plan, each of the Trustee-Manager and the Company will, through the internal audit function, review the implementation of the Great Eagle ROFR Deed each year;
- (iii) the Audit Committee of the Company will review the implementation of the Great Eagle ROFR Deed to ascertain that the terms of the Great Eagle ROFR Deed have been complied with. The review will include an examination of supporting documents and such other information deemed necessary by the Audit Committee; and
- (iv) the Independent Non-executive Directors will review on an annual basis compliance by Great Eagle with the terms of the Great Eagle ROFR Deed and will disclose in the annual report of the Trust and the Company their findings on the compliance by Great Eagle with the terms of the Great Eagle ROFR Deed and any decision made by the Group regarding any exercise of the right of first refusal and the basis of such decision subject to not breaching any of the Group's or Great Eagle's contractual or legal obligations.

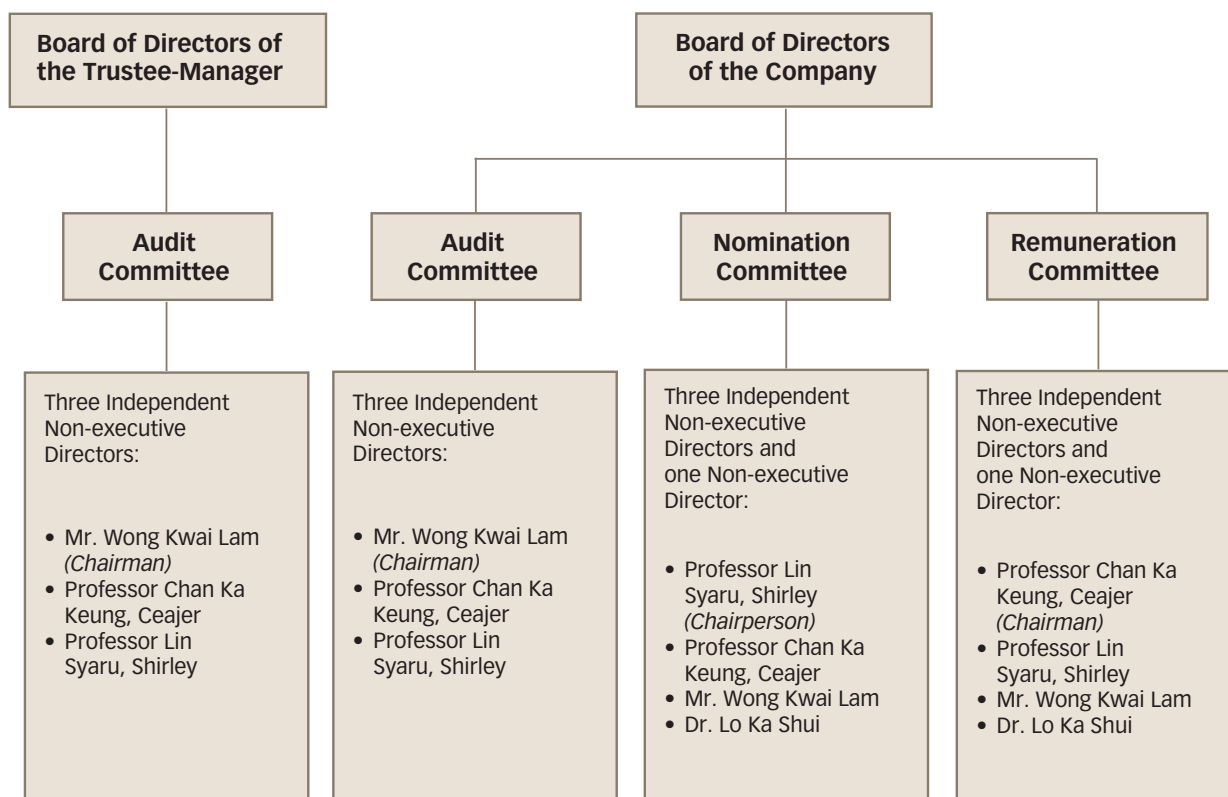

The Audit Committees of the Trustee-Manager and the Company shall be responsible for overseeing the implementation of the above corporate governance measures in respect of the operation of the Great Eagle ROFR Deed.

CORPORATE GOVERNANCE REPORT

BOARD COMMITTEES

To provide effective oversight, the Trustee-Manager Board and the Company Board have established the following Board Committees with their own terms of reference that have been approved by the respective Boards and are reviewed periodically to ensure that they comply with the

latest legal and regulatory requirements and reflect developments in recommended best practices. Each Committee reports its decisions and recommendations to the respective Boards. The terms of reference of the Committees setting out in detail their duties and responsibilities are posted on our corporate website and the HKEXnews website.

Nomination Committee

Roles and Authorities

The Nomination Committee focuses on strengthening, broadening, balancing and understanding the range of skills, experience and diversity on the Company Board. The Committee shall formulate policy and make recommendations to the Company Board on nomination, appointment or re-appointment of Directors and Board succession.

Board Diversity Policy

The Nomination Committee adopted the Board Diversity Policy in 2019. The Company believes that increasing diversity at the Board level is an important part of achieving its strategic objectives and to attract and retain the best people. Appointments to the Boards shall be on merit, in the context of the skills and experience the Boards as a whole requires to be effective, and against objective criteria and with due regard for the benefits of

diversity. There are many considerations that factor into the Nomination Committee's nomination process including legal requirements, best practices, and skills required to complement the Boards' skill set and the number of Directors needed to discharge the duties of the Boards and Board Committees. But it will not set any restrictions like gender, age, cultural or educational background when short listing candidates. The Company believes that a truly diverse Board will include and make good use of differences in the skills, regional and industry experience, background and other qualities of Directors. The Nomination Committee shall review the diversity of the Boards at least annually taking into account the Group's business model and specific needs and shall monitor the implementation of the Board Diversity Policy and, if appropriate, make recommendations on proposed changes to the Boards to complement the Company's corporate strategy.

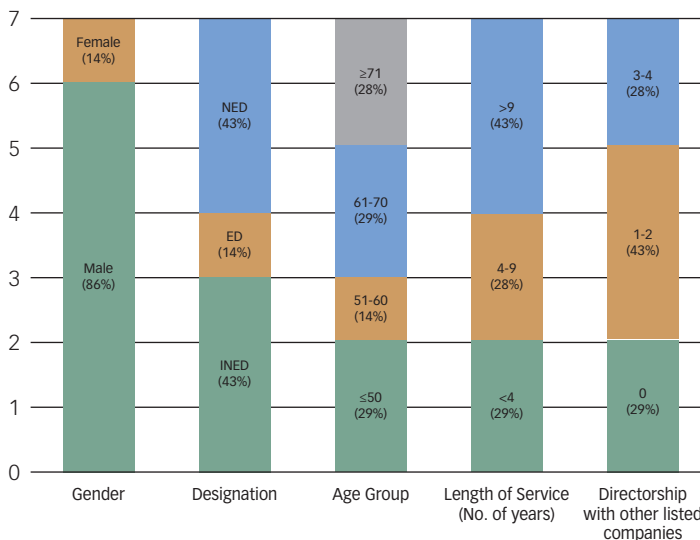

CORPORATE GOVERNANCE REPORT

Currently, the Boards have a diversity of perspectives appropriate to the requirements of the business of the Trust Group. The Boards comprise a range of expertise including property and hotel development and investment, financial and hospitality asset management, hotel operations, sales and marketing, assets pricing, international affairs and global investment and commercial and investment banking. The mix of the skills and

background of the Directors are appropriate taking into account the business nature, corporate strategy and structure of the Trust Group. Besides, the Boards are made up of different age groups and both genders. The Boards consider that the current board composition is diversified with appropriate balanced professional background, skill, experience, gender and age. The following chart shows the diversity profile of the Boards as at 31 December 2023:

Nomination Policy

The Nomination Committee adopted the Nomination Policy in 2019 which sets out the selection criteria and the evaluation procedures in nominating candidates to be appointed or re-appointed as Directors of the Company. The objective of the Nomination Policy is to assist the Nomination Committee in fulfilling its duties and responsibilities as provided in its terms of reference. The Nomination Committee recommends candidates for nomination to the Board, which approves the final choice of candidates.

The Nomination Committee shall consider any and all candidates recommended as nominees for Directors to the Nomination Committee by any Directors of the Company or Unitholders in accordance with the Company's Articles and the Trust Deed. The Nomination Committee may also undertake its own search process for candidates and may retain the services of professional search firms or other third parties to assist in identifying and evaluating potential nominees. The Nomination Committee shall endeavour to find individuals of high integrity who possess the qualifications, qualities, skills, experience and independence (in case of Independent Non-executive Directors) to effectively represent the best interests of all Unitholders. Candidates will be selected for their ability to exercise good judgment, and to provide practical insights and diverse perspectives. The Nomination Committee may use any process it deems appropriate for the purpose of evaluating candidates including personal interviews, background checks, written submission by the candidates and third party references. As far as practicable, nominees for each election or appointment of Directors shall be evaluated using a substantially similar process. The Nomination Committee shall review the Nomination Policy from time to time.

Independence Assessment

The Nomination Committee believes that independence is an important part of fulfilling the Directors' duty to supervise the management of the business and affairs of the Trust and the Company. The Nomination Committee of the Company is accountable for assessing whether any relationships or circumstances would likely to interfere with the exercise of objective and unfettered judgment by relevant Directors. It reviews all relevant facts and circumstances such as interlocking directorship, competing businesses and other significant commitment that might potentially impose an impact on Directors' judgment. To be considered independent, an Independent Non-executive Director must also meet the independence guidelines set out in Rule 3.13 of the Listing Rules.

The Nomination Committee also considered the Independent Non-executive Directors' tenure, noting that two Independent Non-executive Directors have served on the Boards for more than nine years ("Long Serving INEDs"), namely, Professor Lin Syaru, Shirley and Mr. Wong Kwai Lam. In accordance with the Trust Deed and the Company's Articles, Mr. Wong Kwai Lam shall retire from office and his re-election is subject to a separate resolution to be approved by the Holders of Share Stapled Units at the forthcoming AGM. After considering the relevant independence assessment requirements set out in Rule 3.13 of the Listing Rules, the Nomination Committee formed the view that there is no evidence showing that Long Serving INEDs who have served on a board for nine years or more would lose their independence nor be at an increased risk of complacency given their familiarity with management. The Nomination Committee considered that independence of mind is far more important than the appearance of independence and was fully satisfied that the Mr. Wong demonstrated complete independence in character and judgement both in his designated roles as members of the Boards and Board Committees and was of the opinion that he will continue to bring independent views of the Trust Group's affairs to the Boards notwithstanding his length of service. In addition, the Nomination Committee was of the view that the unique background and experience of Mr. Wong can enable him to have more exposure to certain tasks on risk management and control procedures, which can be implemented in the Trust Group to provide effective monitoring.

CORPORATE GOVERNANCE REPORT

Mr. Wong did not have any relationships with any other Directors, senior management, substantial or controlling Holders of Share Stapled Units of the Trust and the Company. He has confirmed that he did not have any material interest in competing business, either directly or indirectly, with the Trust Group's business. He was not involved in the daily management of the Trust and the Company and has never engaged in any executive management which would materially interfere with his exercise of independent judgement. He has submitted annual confirmation to the Trustee-Manager and the Company on his fulfillment of the independence guidelines set out in Rule 3.13 of the Listing Rules which assesses the independence of Independent Non-executive Directors. He has also provided written confirmation to the Trustee-Manager and the Company on the sufficiency of time spent and attention to the affairs of the Trust and the Company. In view of the above, the Nomination Committee believed that Mr. Wong is able to devote sufficient time and attention to the affairs of the Trust and the Company without being over-occupied in the business of other listed companies.

RISK MANAGEMENT AND INTERNAL CONTROL

The Trustee-Manager Board and the Company Board are entrusted with the overall responsibility on an ongoing basis for ensuring that adequate and effective risk management and internal control systems are established and maintained for the Trustee-Manager and the Company. The systems are designed to provide reasonable but not absolute assurance against material misstatement or loss, and to manage rather than eliminate risk of failure to meet the business objectives. The following have been established and executed to ensure there are adequate and effective risk management and internal control systems within the Trustee-Manager and the Company:

- (a) a good control environment including well defined organisational structure, limit of authority, reporting lines and responsibilities;
- (b) Risk Management Self-Assessment and Internal Control Self-Assessment conducted annually by the Trustee-Manager and the Company;
- (c) appropriate risk mitigating activities including clear and written company policies and procedures that can manage risks to an acceptable level for the achievement of the business objectives;
- (d) effective information platforms to facilitate internal and external information flow; and
- (e) structured internal audit function to perform independent appraisal of major operations on an ongoing basis.

Through the Audit Committees of the Trustee-Manager and the Company and the Great Eagle Group's Internal Audit Department, the Trustee-Manager Board and the Company Board have conducted an annual review on the effectiveness of the risk management and internal control systems for the year ended 31 December 2023.

A risk management framework is implemented that provides a structured basis where all key risks (including but not limited to governance and strategy, regulatory compliance, people and talent, technology and operations, financial, economic, legal and ESG) are identified, analysed, evaluated, treated, monitored and reported in a consistent manner at all levels across the Company. Risk Register is maintained to summarise the significant risks faced by the Company and the relevant risk mitigating activities.

With adoption of a risk-based approach, the Internal Audit Department takes the lead to evaluate the risk management and internal control systems of the Trustee-Manager and the Company by reviewing all their major operations on a cyclical basis. The audit reviews cover all material controls including financial, operational and compliance controls. The three-year audit plan of the Internal Audit Department is approved by the Audit Committees. The Head of Internal Audit Department reports directly to the Audit Committees and the Chairman of the Trustee-Manager and the Company. Results of the audit reviews in the form of audit reports are submitted to the members of the Audit Committees for discussion at the Audit Committee meetings. The internal audit reports are also followed up by the Internal Audit Department to ensure that findings previously identified have been properly resolved.

Based on the results of the internal audit reviews for the year ended 31 December 2023 and the assessment of the Audit Committees thereon, no significant irregularity or deficiency in the risk management and internal control systems has drawn the attention of the Audit Committees.

The Trustee-Manager Board and the Company Board therefore are satisfied that the Trust (together with the Trustee-Manager) and the Company have maintained adequate and effective risk management and internal control systems for the year ended 31 December 2023.
